LEADING CAMPINGS
★ ★ ★ ★ ★

More than 30 years of camping holidays at the best campsites in Europe.

In 1994, my colleagues and longtime friends Armando Ballarin, Peer Thiele and Antonio Gimenez, owners of the Union Lido, Südsee-Camp and Playa Montroig campsites respectively, sat together over a glass of wine. They shared a love of camping holidays and a passion for giving their guests a special camping experience.

For years, the high quality of their facilities, service and contact with guests had been a matter of fact at these campsites. But they also knew that their understanding of camping holidays was not shared by all campsites in Europe at the time. Of course, they already knew one or two campsites operators who shared their passion. But how were customers supposed to recognise them as providers of high-quality camping holidays? This thought gave them the idea.

They founded LeadingCampings as an association of the leading campsites in Europe. They quickly agreed on what characterises a leading campsite.

LeadingCampings are quality and innovation leaders.

LeadingCampings stand for exceptional holiday experiences in nature. All LeadingCampings are personally managed by the owner and offer friendly, trained staff, particularly beautiful, facilities, wellness, SPAs and a wide range of sports and leisure activities. LeadingCampings also stands for high-quality experiences and enjoyment when it comes to catering, entertainment, special glamping accommodation and luxury pitches. All LeadingCampings campsites offer outstanding hospitality and a spectacular location.

The members of the association are certified 4.5-5-star campsites. Our own LeadingCampings quality management team regularly checks that everything meets our standards. But our campsites not only maintain their high standards, they are also constantly developing to offer guests even better facilities, offers and experiences.

Today, the LeadingCampings brand stands for excellent quality and innovation leadership in the European camping sector. No other group has received more international prizes and awards. The LeadingCampings brand now brings together 47 campsites in 10 European countries that offer their guests a very unique holiday.

So, what we set out to do more than 30 years ago has turned into a miracle. Every year, we welcome over 10 million guests to our LeadingCampings. A success we are very proud of. And it is our passion to fulfil best all the needs of our customers in the future and to give them unforgettable holiday moments.

Welcome to LeadingCampings!

Luxury on site: glamping.

In the middle of nature. The wind rustles in the trees. Birdsong wakes us up, the morning sun sends its first rays. The view is endless and stretches across forests, valleys and mountains to the horizon. What could be better than a holiday in the middle of nature?

It's even better when a hot shower, aromatic coffee and a delicious breakfast are added in the morning. The mix of camping and comfort, known as glamping or luxury camping, is becoming increasingly popular with holidaymakers. Many people love the romance of a holiday in the great outdoors combined with the comfort of a first class vacation.

Alpencamping Nenzing

»A sunset over the mountains and a really good glass of wine – for many, that’s pretty close to paradise.«

Michelle Morik, Inhaberin Alpencamping Nenzing

LeadingCampings also has many campsites that combine a holiday in cosy tree houses, glamping tents, houseboats or other luxurious accommodation with comfortable beds, spa facilities and restaurants.

At **Alpencamping Nenzing** in Austria, you can experience the expansive view of nature in a particularly impressive way. In the Himmelchalets you can enjoy the extraordinary view of the nearby Nenzinger Himmel Nature Park. Each chalet is individually furnished with plenty of comfort. A particularly beautiful way to end the evening: sit on the panoramic balcony of the Himmelchalet with a glass of good local wine and be close to the vast canopy of stars.

Glamping Boutique Lago Idro

Nestled on the shores of Lake Idro in Italy, in the heart of the pretty village of Anfo lies the **Glamping Boutique Lago Idro**. For those who want a vacation in a tent without missing out on the comfort of a mobile home can choose from many glamping tents. Particularly popular are the elegant Air Lodges or the innovative Tipi lodge, which is particularly fun for children.

Would you like a little more comfort? In the glamping accommodation at Camping Veštar, you are close to nature with all the comforts.

Camping Veštar is located in a quiet bay in Croatia, not far from the town of Rovinj. Here, too, nature, sea and beach are combined with comfort at its best. You can stay in mobile homes with a fully equipped kitchen, multiple bedrooms and up to two bathrooms – which is particularly appreciated by families with young children.

Each mobile home is individually designed and picks up on themes from the surrounding area: a fishing village, a water oasis or the Mediterranean forest. The glamping mobile homes are located at a pool that is ideal for toddlers to splash around in. An absolute highlight for the first coffee in the morning or the last glass of wine in the evening are the large terraces of the mobile homes with spectacular views over the azure blue Adriatic Sea and the vast sky above.

Luxury in the midst of nature.

You don't just travel from place to place in a motorhome or campervan — you enjoy the freedom of travelling on four wheels without giving up the comforts of home.

At many Leading Campings campsites, there are special pitches for campers who want to treat themselves to a little more luxury in the middle of nature.

Surrounded by unspoilt nature, you can relax in your own little paradise.

The Leading pitches are particularly spacious, offer privacy and facilities that will delight even the most discerning travellers. The facilities range from a heated private bathroom with a luxurious shower, toilet and bidet to a private whirlpool and your own private wellness area with sauna.

Passionate chefs appreciate the barbecue areas and outdoor kitchen lodges, with everything their hearts desire and their stomachs delight in – from the fridge to the electric cooker. And after the meal? Almost all Leading pitches have spacious terraces and high-quality outdoor seating areas where you can comfortably listen to the sounds of the night and watch the stars twinkle.

The Leading pitches at Barco Reale, Tuscany, Italy

Nature, tranquility and a wide panorama – that's exactly what you'll find at **Barco Reale**. The Leading pitches also have a private bathroom and fully equipped kitchens with a barbecue, fridge, gas hob, dishwasher and washing machine. A real highlight for lovers of Italian cuisine is the on-site vegetable garden with fresh courgettes, tomatoes and herbs. You can enjoy good food on your own terrace with sweeping views over the rolling hills of Tuscany. Or simply relax in one of the hot tubs and enjoy the starry sky.

The Leading pitch at the Caravan Park Sexten, South Tyrol, Italy

The babbling brook, the view of the Dolomites and luxury at its finest. The Leading pitch at the **Caravan Park Sexten** is 600 m² in size, fenced and has amenities such as a private bathroom with sauna and whirlpool as well as wellness bags, fluffy bathrobes and sauna towels. The spacious terrace with barbecue and seating area is the perfect place to relax. And because you don't want to get up again straight away when it's so cosy and relaxed, wood, barbecue meat and a few good bottles of wine can also be delivered to your pitch on request.

Mmm, that's delicious.

For many people, good food and drink is one of the best reasons to go travelling.

The days when camping started the day with lukewarm instant coffee and ended with tinned soup from the camping cooker are long gone. A holiday at a LeadingCamping site also means good food and drink at all sites. All LeadingCampings offer upscale catering and often more than one restaurant. Here you can also discover the culinary delights of your holiday destination and get to know typical local specialities. But fans of the classics such as pasta, pizza or chips, which are popular across all national borders, will also get their money's worth.

Barco Reale

At LeadingCampings Barco Reale, there is a cookery course once a week where the restaurant chef Stefania teaches guests the best tips and tricks from her cuisine. She shows how to prepare fresh pasta and how to turn it into delicacies such as spaghetti alla chitarra, tagliatelle, gnocchi or ravioli buonissimo. Many of the ingredients for the dishes come directly from the restaurant's own vegetable garden, which is open to all guests.

»We have a centuries-old beer and brewing culture here in the Bavaria-Upper Austria-Bohemia triangle. Preserving it, revitalising it and sharing it with our guests is great fun for us.«

Annalena Maier-Köck, Director Holmernhof Dreiquellenbad

Director Holmernhof Dreiquellenbad

Beer from our own brewery at Holmernhof Dreiquellenbad in Bavaria

Holmernhof Dreiquellenbad also offers plenty to keep you hydrated. In their own brewery, Annalena Maier-Köck and her father Hans Köck brew their beer according to all the rules of the art of brewing. Holmers Rausch is a top-fermented pale beer, which is naturally cloudy and emphasises hops and is featured on the menu in the Holmernhof Dreiquellenbad restaurant.

Annalena Maier-Köck and Hans Köck are certified beer sommeliers. And they are happy to pass on their knowledge of really good beer. During their beer tastings, they talk about the world of beer history. And so that all this knowledge doesn't become too dry, six international beers and six German beers are tasted and compared. *Oans, Zwoa, g'suffa!*

Did you know?

- » Wine from the Castello di Lispida winery can be savoured at **Union Lido**. The winery has belonged to the family of the campsite owners for generations. Vines are cultivated biodynamically on the estate. Age-old practices such as vinification in amphorae and modern expertise ensure the natural quality of the wines. The wines Amphora Rosso, a Sangiovese, and Amphora Bianco, made from Ribolla Gialla, an old white wine variety from Veneto, should not be missed.
- » At **Hvidbjerg Strand Feriepark**, a rich breakfast buffet consisting of the best local and seasonal ingredients is available for all guests every day.
- » Typical Breton specialities such as galettes, fresh mussels and seafood are on the menu in the restaurant at **L'Océan Breton**. Be sure to try them!
- » **Camping Čikat** has a spice and herb garden from which all guests can help themselves to whatever they feel like cooking. All herbs and spices, such as rosemary, lavender, sage and basil, have name tags.

Cosy wellness.

It has long been known that water and warmth are good for the human body: Thermal baths and steam baths have been used for relaxation and well-being since ancient times. And today? We love saunas, spas, whirlpools and wellness for exactly the same reasons.

Many Leading Campings offer luxurious wellness areas and spacious SPAs at their campsites. We would like to introduce you to some of them here.

If you spend your holiday at **Hvidbjerg Strand Feriepark**, you can visit one of the best wellness centres in Denmark. This unique location ensures relaxation at its best. Right on the North Sea, in the middle of the dunes, it offers five saunas, two steam baths and five pools where you can simply relax and unwind.

In addition to the infusion sauna, there is a sauna with an open fire, an infrared sauna and a soft sauna, which combines the benefits of a sauna and a steam bath. Enjoy a classic steam bath with 100% humidity. Or the Rhassoul/herbal steam bath in a warm, tiled room. Here you can pamper yourself with a full body scrub followed by a shower that feels like a tropical rain shower.

Caravan Park Sexten

Spa and wellness in the Allgäu

The healing effect of water is also utilised in many ways at **Camping Hopfensee** in the Allgäu. In the classic Swiss stone pine parlour sauna, in the steam bath with rainbow light or in the gentle gemstone sauna, all tension dissolves and pure well-being sets in.

Those who bring a little more than just everyday stress with them can receive more comprehensive treatment here. **Camping Hopfensee** also offers classic Kneipp cures, medical bathing cures and a practice for physical therapy. The cures here are covered by all health insurance companies.

Did you know?

- » **Camping Čikat** in Istria is located in an aerial health resort that has been famous for centuries. Even the Austrian Empress Sissi came to Istria to take a health treatment. Her villa is right next to the campsite.
- » The SPA at **Caravan Park Sexten** has 16 different saunas, some of which are indoors and some outdoors. In the indoor pool, natural rocks are used as pool borders and natural gravel as flooring, bringing the mountain world directly into the pool.
- » At **Camping Holmernhof Dreiquellenbad**, you can enjoy a soak in the indoor pool and whirlpool in healing thermal water from the regional vital spring in Reichersberg.
- » At **Parco delle Piscine** in Tuscany, mineral thermal water feeds the pools.

Caravan Park Sexten

Here you can let yourself drift in the warm water until everyday life dissolves into bliss.

Long live sport!

Sport and exercise are healthy, give us a long life and make us happy.

Admittedly, lazing around on holiday can also make you happy. However, the best thing for us humans is the balance between activity and relaxation. It is therefore important to overcome your inner couch potato and do sport. Regular exercise strengthens the heart muscles. The brain is better supplied with blood, new nerve cells are formed and messenger substances such as the happiness hormone endorphin are released. And because the hosts of Leading-Campings find nothing better than healthy and happy guests, there are many opportunities for exercise and sport at all LeadingCampings in addition to relaxation programmes.

Erlebnis Resort Aufenfeld

»I love the mountains of Salzburgerland. Accompanying people on breathtaking hiking tours and experiencing nature together is my favourite motivation.«

Kevin, active coach from Sportcamp Woferlgut

Kevin, active coach from Sportcamp Woferlgut

At Sportcamp Woferlgut in Austria, the name says it all.

Sport for everyone. From guided hiking and cycling tours, rafting tours, canyoning and golf weeks to horse riding and go-karting, everything is possible. The facilities include three tennis courts with equipment, a beach volleyball court, a football pitch and the sports, performance and pool centre with a 50-metre indoor swimming pool.

Cyclists can look forward to cycling tours away from motorised roads. One highlight is the 325-kilometre-long Tauern Cycle Path. Advanced racing cyclists will also find challenging tours here, such as the Austria Ironman, Glockner and Pillersee tours. Salzburger Land is ideal for hiking. The hiking programme ranges from easy family hikes to nature trails, panoramic paths and challenging mountain hikes.

Adventurous outdoor enthusiasts can enjoy the longest rafting route in Salzburger Land.

Calm passages alternate with raging white water. Experienced rafting guides accompany you safely on action-packed tours in both calm and raging white water.

Canyoning is a mixture of hiking, abseiling, climbing, waterfall jumping and swimming. Together with experienced guides, you follow the water down into the valley through the legendary Kitzlochklamm gorge. You can jump down the two ten-metre-high waterfalls. They are the absolute highlight of the tour!

The cross-country ski trail starts directly at **Sportcamp Woferlgut** and is professionally groomed. If you've never been on cross-country skis before, you can learn it here. Trained guest carers show you how it's done and also give advanced skiers plenty of tips. And anyone who wants to hit the slopes can take the ski bus, which stops directly at **Sportcamp Woferlgut**.

On your boards, get set, go!

Surfing and kiting at the Wulfener Hals LeadingCamping on Fehmarn.

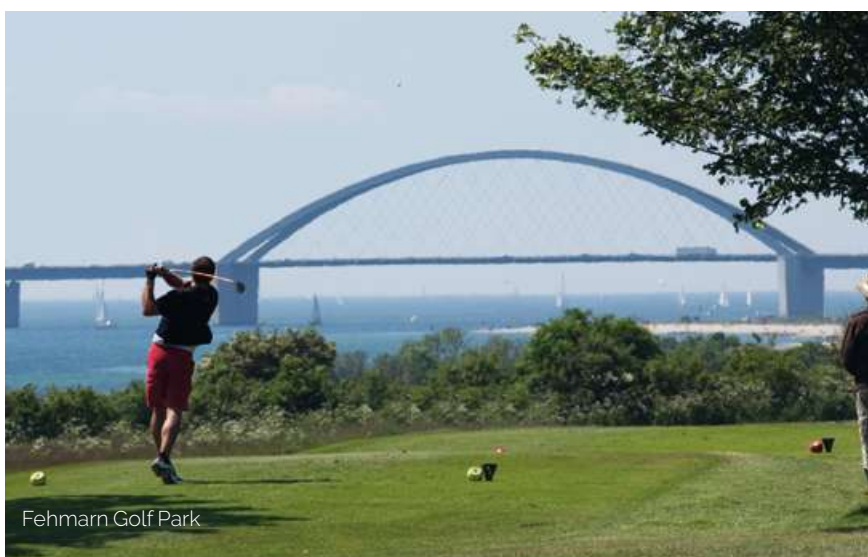

The **Wulfener Hals** is located directly on Germany's biggest surf spot. Experts and beginners come from all over to surf and kite here. Due to the predominantly shallow water depth, safe surfing is possible in almost all wind and weather conditions. Perfect for children who want to surf for the first time and surfers who want to improve their skills.

Those who love speed will find fulfilment here. Extremely flat water makes freeriding from a wind force of four a dream. Power jibes and water starts are not an issue here. Professionals and wave freaks will find one of the best wave spots on the island on the open Baltic Sea, which is only separated from the Burger Binnensee by a wide sandy beach. When the wind blows from the south-east, Wulfen is probably the best kitesurfing spot in Germany, which is appreciated by amateur kitesurfers from all over the world.

Fancy learning to surf, kite, wingfoil or catamaran sail? Wulfener Hals is home to one of the leading surf and catamaran schools in Germany. Experienced instructors give courses in surfing, kitesurfing, catamaran sailing and the new trend sport wingfoil. From beginners' to advanced courses and individual lessons:, everyone can learn or improve their sport on the water. Surfing and sailing equipment from leading manufacturers can be hired or purchased in the local surf shop.

The Fehmarn Golf Park, located right next to the **Wulfener Hals** camping is also a holiday park. The 18-hole course (par 72, 5840 metres) can be played all year round. Depending on form and handicap, a round of 18 holes covers 7-8 kilometres in around four hours. Anyone can play on the 9-hole short course at **Wulfener Hals**, even if they don't yet have a handicap. Introductory courses for beginners or individual intensive lessons for experts are also organised here.

Football golf at Strandcamping Waging am See.

Football golf combines football and golf. The aim is to skilfully play the football with your feet through several exciting obstacle courses. It goes over hills, past trees, over ditches or other obstacles. The player who has used the fewest shots at the end wins.

The new trend sport is not just fun for footballers, but for everyone and at any age. Families and friends have fun playing a match. Depending on the skill and number of players, a round of football golf lasts between 60 and 90 minutes.

Canoeing on the Ardèche at Nature Parc L'Ardéchois.

the beginning of September. At this time, the Ardèche has less water and offers the best conditions for beginners and families.

There are spacious gravel banks all along the banks of the Ardèche. You can picnic here and relax in the sun with the best views of the river. The highlight of the tour is the trip through the Pont d'Arc, a natural 60-metre-high arch carved out by the river. The journey through one of the most famous symbols of the Ardèche is a very special experience.

The Ardèche is a river in the south of France. On its way, it runs through the Ardèche Gorge, which can be explored either on foot or by canoe on the river. From seven to 31 kilometres, you can enjoy the beauty of wild nature from the water.

Experienced canoeists will love the Ardèche from April to June and from the end of September to November. Thanks to the high-water level, you can look forward to wild rapids. Those who prefer a quieter experience will be happy in the summer months from July to

There is a service centre directly on the campsite with offers personal advice on all water sports activities. You can hire canoes and equipment here and start your canoe tour straight away.

Holiday happiness with children.

Life changes with children. If you could still enjoy a city trip to a chic design hotel as a couple, with children it becomes a source of pure holiday stress. *Watch out for the cars, Don't run, Shh! Quiet!* and then a tantrum at the breakfast buffet, where flying oatmeal and angry looks collide.

To relax on holiday, you need an atmosphere in which families are welcome. At all LeadingCampings, child-friendliness is a matter of course. There are no complaints about children running around, no noshing at the buffet, just ideas and offers that are fun for the whole family. Children quickly make new friends at the campsite and parents have time to relax.

Small children, big fun.

Many LeadingCampings campsites are ideal for young children. There are playgrounds for the little ones, paddling pools, toddler clubs and baby swimming in the children's pool. Most of the pitches are situated right next to the beach or lake. There are no long distances and virtually no car traffic. For a few relaxing hours for two, many campsites offer a babysitting service.

Families with children feel at home at these LeadingCampings.

» **Camping de Paal in Brabant, Netherlands**

Camping de Paal is fully geared towards families with children up to the age of 11. Children can have fun in the water playground, the large indoor playground and in the theatre. Particularly popular: the 40,000m² sand and water playground where children can stir mud and play sand cake.

» **Südsee-Camp in the Lüneburg Heath, Germany**

At the **Südsee-Camp**, children can experience lots of adventures: speed through the white-water canyon, brave the giant waves in the lagoon or romp around in the large indoor playground in the children's paradise. While mum and dad treat themselves to a few undisturbed hours of wellness. In high season, there is a family-friendly entertainment programme with highlight events such as baking bread on a stick with live music.

» **Piani di Clodia on Lake Garda, Italy**

At **Piani di Clodia**, seven swimming pools with lots of water slides await enthusiastic water rats. But there is also always something for children to do in the playground, the Mini Club for young children and the Fun Academy for schoolchildren.

» **Europacamping Nommerlayen in Luxembourg**

This child-friendly site is located in the centre of the **Nommerlayen** Nature Park. Themed walks in the woods and fields, football, the giant slide and the bouncy castle are particularly popular with children. The whole family can have fun in the all-weather swimming pool with its large water playground.

» **Feddet Strand Resort in Zealand, Denmark**

Feddet Strand Resort is located on a natural peninsula in the Baltic Sea. Here, families can discover nature together and experience the perfect holiday in the huge water park, indoor playground, creative workshops, children's zoo and riding Icelandic horses.

Benjamin Philbert,
Head of Animation, Camping Le Brasilia

»We have lots of activities for children of all ages. They have fun together and make new friends. And the parents have time to relax.«

Benjamin Philbert, Head of Animation, Camping Le Brasilia

Although it sometimes seems unlikely, a holiday with teenagers can be great. One prerequisite is to understand that puberty is exhausting and that teenagers need time to sleep in and hang out. It's also completely normal that the sunlounger has to be at the other end of the beach because parents are embarrassed. It's best to take it easy and stay relaxed.

Mum wants nature, dad wants wellness, and the teenagers want football, halfpipe and chilling on the beach without parents? No problem. Many LeadingCampings cater for families with children of all sizes.

LeadingCampings with a special offer for teenagers.

» Villaggio Turistico Internazionale

In addition to the Miniclub for 4 to 8-year-olds and the Kids Club for 9 to 12-year-olds, there is a special youth programme for 13 to 17-year-olds. The young staff here know exactly what teenagers need to feel comfortable on holiday.

» Camping Le Brasilia, Roussillon, France

There are three clubs for children and teenagers at **Camping Le Brasilia**. The teens' club offers activities such as climbing, Zumba classes, laser games and escape games. A brand new feature is the chill zone with casual bar tables, hammocks and swings just for teenagers: for hanging out together, talking and making plans. In the evenings, teenagers aged 15 and over meet in the Brasil Club. In high season, teenagers dance here every night from 10 pm to 1.30 am.

» Erlebnis Resort Aufenfeld in the Zillertal in Austria

Erlebnis Resort Aufenfeld also offers experiences for demanding teenagers. Exercise takes centre stage here. Teens can let off steam on the covered skating track, the trampoline facility, the fun court and two beach volleyball courts. The large climbing and bouldering hall is particularly popular, where kids can try out the trend sport or improve their technique.

Chill out! Holidays with teenagers.

Family Camping at the Zugspitz Resort.

Rasmus, his wife Elke and their two children Mats and Marlene are real camping fans. They have been spending their holidays at LeadingCampings all over Europe for years. Rasmus tells us what he and his family particularly like about camping holidays.

LeadingCampings: Where does your love of camping come from?

Rasmus: I've been on camping holidays since I was a child. My parents often took us children camping. Back then it was still in a caravan. I loved it as a child. Later, when I already knew my wife, we borrowed my parents' motorhome. We travelled to Holland for a few days. Fortunately, my wife also enjoyed the camping holiday. Three years later, we bought our first caravan. Since then, we've been travelling as often as we can. First as a couple, then as a threesome and finally as a foursome. We all have a lot of fun camping together.

LeadingCampings: How did you get to know LeadingCampings?

Rasmus: We went on holiday at a LeadingCampings site for the first time about five years ago. It was at the Südsee-Camp. We didn't know LeadingCampings until then. But we quickly realised that LeadingCampings fitted our requirements for a camping holiday very well. High quality, a little more comfort and a balanced offer for both the children and us parents.

LeadingCampings: Which LeadingCampings have you already been to?

Rasmus: Ever since we got to know LeadingCampings, we have always chosen campsites that belong to LeadingCampings. We've already travelled to a few. In Germany, we've been to Südsee-Camp, Camping Hopfensee and Wirthshof

Camping. We've also been to Hvidbjerg Strand Feriepark in Denmark, Camping Papillon Country Resort in Holland, Caravan Park Sexten in South Tyrol, Camping Čikat in Croatia and several times to Camping Zugspitz Resort in Austria. All the campsites are different. And we liked them all. This year, we'll be travelling to Lake Garda in Italy in summer to Camping Piani di Clodia and back to the Zugspitz Resort in winter. We are really looking forward to both holidays.

LeadingCampings: Is there a place with which you have particularly fond memories?

Rasmus: Definitely the Zugspitz Resort. It's our favourite place at the moment. The Zugspitz Resort is just so perfect for us that we've been here several times and will go again. We have already spent many wonderful summer holidays here. The Zugspitz Resort has a great location, is a super campsite and always gives us a lot of quality time as a family. I think the children's desire to go to the Zugspitz Resort again and again says it all. And when the children are happy and the parents can just relax, the holiday is just great.

LeadingCampings: What do you particularly like about the Zugspitz Resort?

Rasmus: Our children never get bored at the Zugspitz Resort. After breakfast, they rush straight to Didi's children's world and let off steam. While we parents enjoy our coffee in peace. The water worlds are great for all of us in the family. We like to slide, swim and dive together. And we also like to let the children have fun in the water on their own while mum and dad relax a little, read a book or really unwind in the spa area.

In the evening, the children can watch great children's films in the movie theater. Or they can go for a walk in the playground and get to know other children. For us as a couple, this is a particularly nice time. We sit quietly by the caravan, have time for each other and drink a good glass of wine together. Even if the Zugspitz Resort seems rather quiet at first glance, it's just the thing for families with children. The interaction between hotel guests and campers is absolutely harmonious here and the overall concept of the Zugspitz Resort is

simply superb. It's a great campsite with large, comfortable pitches. We particularly like the deluxe bathhouse with its bathroom character. If you want, you can indulge yourself in the restaurant and eat really well. And then, of course, the Zugspitz Resort has an absolutely fantastic location at the foot of the Zugspitze. But the many lovely and friendly staff also have a big influence on the feel-good factor on site.

LeadingCampings: Did you also go on excursions?

Rasmus: When we're at the Zugspitz Resort, we always do a lot together. But sometimes we also go off on our own. We like to go on shorter or longer hikes around the Ehrwalder Alm to the Seebensee, to the Hochfeldern Alm, the Almsee Runde or to Didi's moated castle. You can also hike directly from the campsite to the Eibsee or the Gamsalm. Our children also love the Waterfall Adventure Trail in Ehrwald, Moosle's Magic Forest and Moosle's Explorer Trail in Lermoos. We travelled together by boat on the Heiterwanger-Plansee. The summer toboggan run in Biberwier is fun for all of us, as is hurtling down the mountain on the mountain carts in Biberwier. I love the mountains and took part in a guided hike up to the Zugspitze organised by the Zugspitz Resort. My family didn't fancy hiking all the way up. So we all took the Zugspitzbahn railway up to the Zugspitze together and enjoyed the view. The highline179 is a real highlight. For me, it's the coolest pedestrian suspension bridge ever. It is located south of Reutte in Tyrol. At a height of approx. 114 metres, it runs over the Ehrenberg castle world and connects the Ehrenberg ruins with Fort Claudia. The highline179 is a fantastic experience for anyone without a fear of heights.

LeadingCampings: Do you have any other tips for a holiday at the Zugspitz Resort?

Rasmus: Hiking and swimming gear should definitely be in your luggage. The best Kaiserschmarrn is served at the Hochfeldern Alm. And then there are *our* mountain lakes. One is the beautiful natural mountain lake Seebensee and the other is the Ehrwalder Almsee, just a few minutes' walk below the Ehrwalder Almbahn mountain station.

Beastly good.

Everyone who has a dog knows: a dog is part of the family and naturally comes on holiday with you. Dogs are not only tolerated on almost all our campsites, they are very welcome.

The dog camp at the Union Lido

The **Union Lido** campsite is located near Venice. There is a separate dog camp to cater for the needs of four-legged family members. The offer ranges from various pitches and accommodation to a dog beach and a dog pool where dogs can cool off on hot days.

A team of professional dog trainers is always on hand with advice and assistance when it comes to training, nutrition and the well-being of dogs. It goes without saying that there is also a veterinary practice and a dog ambulance on site.

If you want your dog to experience or even learn something new on holiday, the training courses, socialisation courses, agility courses, dog sitting and dog walking led by experts are a good idea. Specially trained swimming instructors are available in the dog pool to help your furry friends stay in shape while swimming.
